

# Gasoline Finder

**Paste to provide clear indication of the gasoline level in tanks.**

- Quick and simple detection of levels in gasoline tanks
- Directly visible through clear alteration in colour
- Very economical in use
- Sticks well to the gauging rod

## Application

GASOLINE FINDER to detect the level in tanks with gasoline and other light mineral oils, that are otherwise difficult to determine as they evaporate quickly.

## Directions for use

A small amount of GASOLINE FINDER is to be spread on the gauging rod, dip-stick or measuring tape. On places where the paste has been in contact with gasoline etc., the paste will be coloured red. This makes it easy to determine the level exactly.

## Properties

Yellow paste that colours red if in contact with gasoline and other mineral oils.

Specific Gravity (20 °C) : 1.36

Flash point : none

## Nature of special risks and safety advice

See our Material Safety Data Sheet.
