

TENDO'S® Handalcohol 70%

TENDO'S Handalcohol based on 70% alcohol contains protective ingredients for the hands. This product has a strong cleansing ability and is skin-friendly.

- Contains at least 70 % pure alcohol
- This product is well absorbed by the skin
- Contains skin care ingredients (including Glycerin) to prevent skin dehydration

Use/Qualities

TENDO'S Handalcohol 70% is often used as an alternative to medical hand disinfection. With this hand alcohol you can clean your hands extra thoroughly without soap and water.

Mind you, wash your hands regularly with soap for extra hygiene.

Instructions

TENDO'S Handalcohol 70% is ready to use. Wash the hands thoroughly with soap and water and dry them off. Apply enough alcohol to the dry hands to keep the hands visible and/or noticeably moisturized for 30 seconds. Rub your hands completely dry with the same movement you make when the hands are washed with soap and water. After this, the hands should not be rinsed.

Features

Colour	: bright and colourless
Density (20°C)	: approx. 0.9 kg/l
Flashpoint (Closed Cup)	: 23 °C

Safety instructions

The product is flammable and should remain removed from sources of ignition. Prevent eye contact. Inhalation may prevent dizziness.

The user of this product must comply with national health, safety and environmental laws. For more information on the composition, the most up-to-date safety data and disclaimer, see the EC safety information sheet (MSDS).
